It is with great sadness that we announce the passing of PrACSI Founder, Nikolas Petrakos. Nikolas passed away on Friday, 9am, August 21, 2020 on a motor bike accident.

Nikolas was deeply loved by his family and friends. Words are not enough to express the loss that all of us feel by his passing.

In addition to his family, all of us who had the opportunity to work with Nikolas also feels a tremendous loss. Nikolas was an extraordinarily smart and accomplished entrepreneur who built a company that, up to now, represent and practice the same principles he used to create the name, PrACSI, 25 years ago.

His exceptional work ethic, long term commitment to his clients and suppliers, diligence and robust financial practices, unwavering desire to always do the right thing and his belief that all of us - his colleagues - were integral to both his personal and the company's success made Nikolas truly one of a kind.

"We have always been so proud and so blessed to say we worked for Nikolas Petrakos. This will remain our expression and statement for the rest of our lives. Nikolas expects all of us to follow through and continue to pursue the legacy entrusted to us by him." Said Vincent Apil (ProCESS FZE MD) and Hameed Garati (MeTAS FZE MD).

Nikolas' vision for the company and its operations will be carried on by Vincent Apil, ProCESS FZE Managing Director and Hameed Garati, MeTAS Managing Director.
